

My compass

TUM-007

HOW YOU FIND YOUR WAY BACK

No menu, no map. I carry a compass:
back to where you came from, always.

WORKSHEET

My compass

TUM-007

A website has a menu and a map. I have neither. My compass remembers the path you walked — card by card — and 'Back' takes you one step up it. No path lives in my address; the compass keeps it for you, on this device only.
